- 14 Being made of paper, the chair creates natural indention as you sit on it over time. When sitting on the product more and more often, those indentations will take the shape of your contact area. Eventually, it will "grow" or become best suited for your favorite sitting posture. It is precisely this feature that makes each and every one of our chair unique.
- 15 The product is 100% recyclable. Please comply with the local regulations to dispose it properly.

INSTRUCTIONS for USE

- 1 To move the product, please retract it and use both hands to lift it.
- 2 Before use, please make sure the product stands stable on an even floor and not in a wobbling position.
- 3 Two people each holds one end and pulls the chair out to the maximum length, and sits at each end for 3-5 minutes.
- 4 Repeat the above action 5-6 times to make the chair get used to the extension. In subsequent uses the product then could be manipulated to your preferred length and shape.
- 5 Should you wish to make the product return to a smaller size, then simply overturn the chair as it appeared in the box, and weigh down the seat of the chair with a heavy object. This will ensure that the chair takes on a smaller shape, yet over time it is difficult to completely recover to its initial size.
